The Hyatt Regency is located directly on the 10 mile hike-and- bike trail that loops around Lady Bird Lake. Bike, kayak, and paddle board rentals are available just outside the hotel doors. The Riverwalk (pictured here) is less than a mile away from the hotel.

The Hyatt Regency's location is one of its best attributes and is located within walking distance from Austin popular entertainment district's, local shops, and unique restaurants. Some great places to check out while you are here are:

- Historical South Congress Avenue
